something for structural damage - still waiting to hear. Friend's house lift off foundation - smashed house on top of her car which was in the garage. We stayed at Stennis for 5 days, we collected paper work ect. from houses and then drove to Charleston S.C.. My husband's sister lined up apartments for us down town and we enrolled my daughter in school, than my husband, my brother, cousin and self went back to dig through to salvage and recover as much as we could. That was one of the most depressing experiences of my life but there were small blessings 1 of our 3 cats returned while we were there. Yeh! We did not have the horrors of the stories storm - Thank God - like some, we were safe and snug at Stennis and yes we did not lose <u>everything</u> we were lucky but we still losed and our trying to piece back a life in this topzy turvy life. My husband returned to work at Stennis - but we stayed till Christmas break so my daughter could have a cleaner break. Jane will stay in Charleston she says she is to old to live through the rebuilding.
